CCSCNE 2024

28th annual conference of the Consortium for Computing Sciences in Colleges Northeast Region

April 12-13, 2024

Hosted by:

The College of Saint Rose
in Albany, NY
CCSCNE.org

The Consortium for Computing Sciences in Colleges Northeast Region (CCSCNE) brings together faculty, staff, and students from academic institutions throughout the northeastern U.S. and beyond to exchange ideas and information concerning undergraduate computing curricula.

The 28th annual CCSCNE conference will be hosted by The College of Saint Rose in Albany, New York, on April 12 and 13, 2024. We invite proposals for papers, panels, tutorials, workshops, lightning talks, and faculty and student posters. All submissions are reviewed, and paper reviews are double blind.

The proceedings of the conference are published as an issue of the Journal of Computing Sciences in Colleges and indexed in the ACM Digital Library. Undergraduate student poster abstracts are published only in the conference program. We also invite faculty members to serve as volunteer reviewers. [Reviewer information](#)
